

Regulatory Information

GENERAL DENTAL COUNCIL:

As a team of dental professionals, we are regulated by the General Dental Council (GDC). We are therefore required by the GDC to comply to certain rules on our website.

The following information must be displayed:

1. The professional qualification of each GDC registered member of the dental team, including the country from which that qualification was gained.
2. The GDC registration number of each member of the team (to include dentists, hygienists, and DCP's which include dental nurses and dental technicians)
3. The name and geographic address where the dental services are being carried out,
4. The contact details of the dental practice, including e-mail address and telephone number.
5. The address of the General Dental Council and contact details or a link to the GDC website.
6. Details of the practice complaints procedure and information of who a patient should speak to or write to if they are not satisfied with the response from the practice which could include the relevant NHS body if it is NHS dental treatment or the Dental Complaints Service for private treatment.
7. The date that the website was last updated.
8. A link to the GDC website.

The GDC also have a set of Standards which are for the Dental Team. These are updated regularly and a copy of these 9 standards is available below.

CARE QUALITY COMMISSION:

Dentistry came under the regulation of the Care Quality Commission (CQC) in 2008, as a requirement of the Health and Social Care Act 2008. Since then all dental practices in the UK were required to register with the CQC and advise which regulated activities they were performing.

At Southfield Dental Practice the Provider is Mr Christian Gollings BDS, and Provider ID is 1-2412294101, and the practice location ID is 1-2508679867.

The regulated activities at the practice are 1. Diagnostic and Screening Procedures, 2. Surgical Procedures, and 3. Treatment of Disease, Disorder or Injury.

The practice was inspected as a new provider of dental care in March 2016 and given the license (a decision notice) to start trading as a dental practice. After this the practice expects to have routine inspections and will display these on this website.
